SPECIAL REQUEST
MEMORANDUM

DATE: 12 April 2004
TO: Captain Scott Bakotic
FROM: Sergeant James McQuaig 
RE: Law Enforcement Trust Funds Requests

MESSAGE:

As a result of our conversation, the following is a list of items we would like to purchase with law Enforcement Trust Funds. These items are things that would benefit the unit and in turn, the agency.

ST55S Sentinel G.P.S. Tracking System \$4,500.00 (approximately) OK 

The Vice unit conducts surveillance on every operation it executes. While not every operation involves the necessity for a G.P.S. tracking system, those circumstances do occur when the use of a G.P.S. tracking system such as the sentinel would be extremely beneficial to the unit and the agency. The sentinel system is a G.P.S. data logging system with an RF transmitter. This type of system does not require the use of an expensive cellular modem and a service contract with a cellular based corporation for "real-time" readings. The system is basically a data logger, which could be covertly deployed on a suspect vehicle and then retrieved at a later time. The RF transmitter that is built into the sentinel allows the surveillance team to get close to the unit and remotely download the data from the G.P.S. transponder. This information can then be tracked through computer programs. Reports can be generated from the data and displayed on maps.

Second Chance External Assault Shells 10 X \$140.00 = \$1,400.00 OK 

The Vice Unit routinely conducts overt operations such as buy/ busts, Weed and Seed, directed patrols and traffic stop operations. The Second Chance Assault Shells accommodate the Second Chance ballistic panels already provided by the agency. These shells or carriers would continue to provide high visibility and easily identify members as law enforcement while providing a convenient means of carry for extra magazines, radios, flashlights, handcuffs and other agency equipment.

REF: C.C.Y.S. Request

I am requesting, as we previously discussed, a \$5000.00 contribution to Capital City Youth Services from the Law Enforcement Trust Fund. As you are aware Capital City Youth Services runs the Safe Place for run-away juveniles and the CINS- FINS Programs. The services provided by Capital City Youth Services directly impact our efforts in the School Resource Programs and the Sheriff's Office as a whole.

Due to funding cuts in Juvenile Programs during the last couple of years this money would be a tremendous help in continuing the services that they provide to our communities youth.

RE: Forfeiture funds

Message: On behalf of the Florida Association of School Resource Officers I would like to respectfully request that you fund a scholarship for a deserving student in Florida. Annually FASRO awards several scholarships to students around the state that have displayed both a need and ability to achieve under sometimes very trying circumstances. The students are not only selected on ability but the fact that they are good citizens. Understanding that the forfeiture funds are to be used as a crime prevention tool, what better way than to assist a future law-enforcement officer, state attorney, judge, or law maker in furthering their education. As school resource officers we work daily with students who have been able to overcome obstacles and reach new heights in their personal growth. This is a small token that we can provide the selected students in achieving that growth. As law enforcement officers it is very rewarding to see the changes that we can make in a child's life. All too often we see the bad side and this is a great opportunity to do something positive.

Traditionally the awards have been in increments of \$1000.00 and smaller amounts. It is my hope that we as the Leon County Sheriff's Office can provide that amount at the 25th annual FASRO training conference in Orlando Fla. on July 18-23, 2004. FASRO awards the entire amounts collected to the selected students and withholds nothing. I would like to take this opportunity to thank you in advance for your consideration in this matter as well as thanking you for allowing me to work for you as a SRO in the Leon County Sheriff's Office. It is your continuing support that allows me the ability to work on the FASRO Board of Directors as 1st Vice President and will lead me to becoming President in 2006.
